What Is Project Lifesaver?

Project Lifesaver is a program designed to track and locate lost individuals. This program is designed specifically for families living with Alzheimer's Disease, Dementia, Down Syndrome, Autism, and related disorders.

Through the support of Brevard County TRIAD and several other organizations, four state-of-the-art tracking devices were purchased to allow complete ground and air coverage across Brevard County.

How Does Project Lifesaver Work?

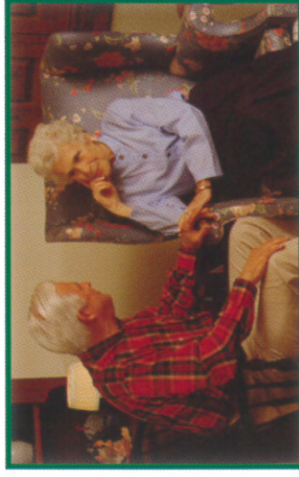

Project Lifesaver provides individuals with a personalized radio transmitter bracelet. When an individual is reported as missing, trained law enforcement can locate the audible transmitter signal using both air and ground tracking receivers. This proven radio technology has enabled quick recovery times averaging less than 30 minutes. Families are quickly notified and reunited!

The Brevard County Sheriff's Office Aviation Unit supervises the tracking through a specially trained Search and Rescue Team.

Bracelets are checked and batteries are changed monthly by the Brevard County Sheriff's Office Crime Prevention Unit.

Applying for a Project Lifesaver Bracelet

Applications for Project Lifesaver bracelets are available through TRIAD by calling 211 Brevard by dialing 2-1-1 or (321) 632-6688.

Applications are processed at the Brevard County Sheriff's Office, Crime Prevention Unit.

The cost of the bracelet is \$290 and requires an additional \$100 per year to cover the cost of monthly battery replacement. Payment plans are also available.

Sponsored bracelets may be available at no cost to qualifying clients.
