

These projects may comply with the Brevard County and the State of Florida building codes in effect at the time of installation/replacement. Homeowners must follow all Pineda Crossing covenants, rules, and guidelines which can be found at [Pineda Crossing HOA - Advanced Property Management](#).

As with any outside home improvement or construction project, **homeowners must fill out and file an ACRC form with the ACRC committee for approval BEFORE starting the project.** ACRC does not need to see your permit. It is the homeowner’s responsibility to ensure that the contractor is licensed and insured and that county permissions and permits are obtained where needed. The homeowner must obtain a copy of the contractor’s license and current certificate of insurance for their files. This is for your protection. **(See note 1)**

**The ACRC will need the following:**

**NOTES**

1. **The ACRC does not communicate with the contractors.** It is the owner's responsibility to fill out an ACRC form, complete it, and submit it. Paper copies and/or digital copies are accepted. To complete your application, **ALL**
2. Even though Brevard County permits homeowners to paint, pave, or concrete stamp the sidewalk and apron, any alterations made to the original finish of these areas are the homeowner's responsibility. **As such, the homeowner may be held liable for any injuries that occur as a result of these modifications.**
3. It is mandatory to install proper illumination for a 15-20-foot flagpole to ensure the flag is visible during nighttime. **This is a requirement to adhere to guidelines and standards for flag display, ensuring respect and visibility of the flag at all times.**
4. The color of the garage door if it is being painted, can be the base or trim of the house, **NOT the FRONT Door color**, unless the front door is the color of the base or trim.
